

Review a document

Open a PDF, explore its pages, and add a review note.

Make space for your notes

Choose Add Note to leave a comment on the current page. Read your comments in the page sidebar.

Your document stays on your device. Save a Copy exports a separate PDF for your next step.

A second page

Use the page sidebar or the arrows below the document to move between pages.

Try adding a note here, then close and reopen the document to read it again.
