Budget and forecast review

Forecast $775,500.00 against budget $775,000.00; actual spend $714,800.00.

The forecast is $500.00 above budget. 2 department(s) need an overspend decision.

Positive variance is overspend; negative is favorable. The workbook retains detail, formulas and input validation. Regenerate this dated review after changing the CSV.

Owner decisions

- New service pilot | Chloé: Request a separate decision for the unbudgeted pilot. Forecast overspend $5,000.00.
- Operations | Markus: Approve a recovery plan for hosting costs. Forecast overspend $4,000.00.
