Native Word PDF Visual Gate

This document is generated as DOCX first, then rendered with the first-party OfficeIMO PDF engine.

Native proof areas

Scoped runs: large blue, highlighted, and restored default text.

Shaded paragraph with uniform Word borders mapped through the native PDF path.

- Native list mapping keeps markers and text aligned.
 - The visual gate catches rhythm drift before QuestPDF removal.
1. Generated TOC appears before content.
 2. Tables and lists remain aligned.
