Summary

SLA attainment finished above the 92% target in all three months while resolved volume grew 15%. Integrations is the only service line below target, and its response time is the main driver.

- Resolved tickets: 2,617, up from 2,274 last quarter.
- Security and Billing answer in about an hour.
- Integrations answers in 3.1 h against a 2 h goal.
- No critical blockers are open at quarter end.

Decisions for Q4	
Staffing	Move two engineers to Integrations
Escalations	Review the 37 open items every week
Targets	Keep 92% SLA; tighten response goal to 1.5 h
